All Other Uses

For other uses that do not fit into one of the above categories, determination of the required number of off-street parking spaces shall be made by the Planning Commission. It is the intent of these regulations that adequate off-street parking and loading facilities are provided for each land use.

- c) Location: The parking area must be on the same or nearby premises. If on nearby premises --
 - 1) The nearest point of the parking lot shall be not further than the following distances to the nearest point of the property served: 100 feet in the case of a commercial use, 200 feet in the case of a residential use, and 300 feet in the case of an industrial use.
 - 2) The parking area must remain under control of the owner or operator of the use to which the parking area is appurtenant.
- d) Layout: Parking areas must be arranged so there will be no need for motorists to back over:
 - 1) Local streets, except in the case of residential uses.

- 2) Major thoroughfares.
- e) Parking Area Adjacent to Street: For multi-family and nonresidential uses where a parking area or other area open to movement of vehicles abuts the right-of-way of a public street, a pipe railing, post and chain barricade, raised curbs or equally effective devices satisfactory to the Borough must line the public right-of-way except at access points so that parked vehicles will not extend into the street right-of-way.
 - f) Paving: For commercial, industrial and multi-family residential uses, all required parking areas and driveways must be paved with concrete or bituminous paving material.
 - g) Areas Computed as Parking Spaces. Areas that may be computed as open or enclosed off-street parking spaces include any private garage, carport, or other area available for parking, other than a street or driveway. However, a driveway within a required front yard for a single-family or two-family residence may count as one parking space.
 - h) Large Parking Areas. Parking areas of one-half (1/2) acre or more shall have at least five (5) percent of the total area devoted to landscaping within the interior of the parking area.
 - i) Joint Facilities. Required parking spaces, open or enclosed, may be provided in spaces designed to serve jointly two or more establishments whether or not located on the same lot, provided that the number of required spaces in such joint facilities shall not be less than the total required for all such establishments.
 - k) Combined Spaces. When any lot contains two or more uses having different parking requirements, the parking requirements for each use shall apply to the extent of that use. Where it can be conclusively demonstrated that one or more such uses will be generating a demand for parking spaces primarily during periods when the other use or uses is not or are not in operation, the Zoning Hearing Board by special exception may reduce the total parking spaces required for that use with the least requirement.
 - l) Multiple Uses in Single Structure. When two or more uses that require off-street parking spaces are located in a single structure, the separate parking requirements for each use shall be applied.
 - m) Location and Ownership. Required accessory parking spaces, open or enclosed, shall be provided upon the same lot as the use to which they are accessory or elsewhere, provided all spaces therein are located within reasonable walking distance of such lot. In all cases such parking spaces shall conform to all the regulations of the District in which the parking spaces are located; and in no event shall such parking spaces be located in any Residential District unless the use to which the spaces are accessory are permitted in such Residential Districts or upon approval by the Zoning Hearing Board by special exception. Satisfactory arrangements shall be made, and approved by the Zoning Hearing Board, to maintain the required number of spaces available either (a) throughout the existence of such use to which they are accessory, or (b) until such spaces are provided elsewhere.
 - n) On Lots Divided by District Boundaries. When a parking lot is located partly in one district and partly in another district, the regulations for the district requiring the greater number of parking spaces shall apply to all of the lot. Parking spaces on such a lot may be located without regard to district lines, provided that no such parking spaces shall be located in any Residential District, unless the use to which they are accessory is permitted in such district, or upon approval of the Zoning Hearing Board by special exception.

o) Handicapped Parking.

Handicapped accessible parking shall be provided in accordance with the requirements of the Americans with Disabilities Act, as may be amended from time to time.

- 1) Said spaces shall be most accessible and approximate to the building or buildings that the parking spaces shall serve.
- 2) Each space or group of spaces shall be identified with a clearly visible sign displaying the international symbol of access.
- 3) Each space shall be one hundred twenty (120) inches wide to allow room for persons in wheelchairs or on braces or crutches to get in and out of either side of an automobile onto level, paved surface suitable for wheeling and walking.
- 4) Parking spaces shall be provided in accordance with the following Table:

Total Parking Spaces in Lot	Required Minimum Number of Accessible Spaces
1 to 25	1
26 to 50	2
51 to 75	3
76 to 100	4
101 to 150	5
151 to 200	6
201 to 300	7
301 to 400	8
401 to 500	9
501 to 1000	2 percent of total
1001 and over	20 plus 1 for each 100 over 1000

- 5) Where possible, such spaces shall be located so that persons in wheelchairs or using braces or crutches are not compelled to wheel or walk behind parked cars.
- 6) Where applicable, curb ramps shall be provided to permit handicapped people access from the parking lot to the sidewalk or building entrance.

p) Exemptions to Off-Street Parking Requirements

- 1) Where the occupancy of an apartment building is limited to a special group, such as the elderly or handicapped, not normally requiring off-street parking to the extent of other uses, such building shall be exempted from the parking space requirements of this section; provided, however, that in no instance shall less than one off-street space be provided for each four units in such building.
- 2) When a use is expanded in size or when a use occurs requiring a greater number of off-street parking facilities than the existing use, the owner and/or occupant shall be required to provide only that number of additional off-street parking facilities required by the new use or expanded portion of the existing use; provided, however, no existing off-street parking facilities shall be eliminated unless all applicable off-street parking requirements are met.

Section 409 Loading

- a) Size: Surfacing: The loading space must be not less than 12 feet wide and 50 feet long. It must be surfaced with a bituminous or concrete paving material.
- b) Spaces Required: Off-street loading spaces must be provided for each building erected or enlarged in accordance with the following schedule:

<u>Type of Use</u>	<u>Number of Loading Spaces</u>
Manufacturing, storage, display or sale of goods, hospitals and sanitararia	1 space for a gross floor area of 5,000 to 25,000 square feet and 1 additional space for each 10,000 square feet of gross floor area in excess of 25,000 square feet.
Offices, hotels, theaters or similar uses	1 space for a gross floor area of from 20,000 to 100,000 square feet and 1 additional space for each 40,000 square feet of gross floor area in excess of 100,000 square feet.

- c) Layout: The loading area must be arranged so that there will be no need for motorists to back over public rights-of-way and must not be located in the front yard area.

Section 410 Driveways

All driveways shall be located and constructed in accordance with the requirements of the Borough's Subdivision and Land Development Ordinance.
