Section 307

Flood Plain Zone - Special Flood Hazard Area

- a) Purpose: The purpose of this zone is to prevent the loss of property and life, the creation of health and safety hazards, the disruption of commerce and governmental services, the extraordinary and unnecessary expenditure of public funds for flood protection and relief, and the impairment of the tax base by:

- 1) Regulating uses, activities, and development which, acting alone or in combination with other existing or future uses, activities, and development, will cause unacceptable increases in flood heights, velocities and frequencies.
  - 2) Restricting or prohibiting certain uses, activities, and development from locating within areas subject to flooding.
  - 3) Requiring all those uses, activities, and developments that do occur in flood-prone areas to be protected and/or floodproofed against flooding and flood damage.
  - 4) Protecting individuals from buying lands and structures that are unsuited for intended purposes because of flood hazards.
- b) Warning and Disclaimer of Liability: The degree of flood protection sought by the provisions of this ordinance is considered reasonable for regulatory purposes and is based on acceptable engineering methods of study. Larger floods may occur on rare occasions. Flood heights may be increased by man-made or natural causes, such as ice jam's and bridge openings restricted by debris. This ordinance does not imply that areas outside the flood plain zone, or land uses permitted within this zone will be free from flooding or flood damages.

This ordinance shall not create liability on the part of Seven Valleys Borough or any officer or employee thereof for any flood damages that result from reliance on this ordinance or any administrative decision lawfully made thereunder.

c) Establishment of the Flood Plain Zone

- 1) Description of Zone: The identified Flood Plain Zone shall be any area of the Borough of Seven Valleys subject to the one hundred (100) year flood, which is identified as a Special Flood Hazard Area (Zone A) on the Flood Hazard Boundary Map (FHBM) as issued by the Federal Insurance Administration dated September 28, 1979.
- 2) Determination of the One Hundred (100) Year Flood Elevation: For the purposes of this Ordinance, the one hundred (100) year flood elevation shall be used as the basis for regulation. To determine the one hundred year flood elevation, the elevation at a given point on the boundary of the identified floodplain area which is nearest the construction site in question will be used. In helping to make this necessary elevation determination, other sources of data, where available, shall be used such as:
  - Corps of Engineers - Flood Plain Information Reports.
  - U.S. Geological Survey - Flood Prone Quadrangles.
  - USDA, Soil Conservation Service - County Soil Surveys (Alluvial Soils) or P.L. 566 Flood Information.
  - Pennsylvania Department of Environmental Protection - Flood Control Investigations.

- Known Highwater Marks from Past Floods.
- Other sources.

In lieu of the above, the municipality may require the applicant to determine the elevation with hydrologic and hydraulic engineering techniques. Hydrologic and hydraulic analyses shall be undertaken only by professional engineers or other of demonstrated qualifications, who shall certify that the technical methods used correctly reflect currently accepted technical concepts. Studies, analyses, computations, etc. shall be submitted in sufficient detail to allow a thorough technical review by the Borough.

- 3) Overlay Concept: The aforementioned Flood Plain Zone shall be an overlay to the existing underlying zones as shown on the Official Zoning Map, and as such, the provisions for the Flood Plain Zone shall serve as a supplement to the underlying zone provisions.

Where there happens to be any conflict between the provisions or requirements of the Flood Plain Zone and those of any underlying zone, the more restrictive provisions and/or those pertaining to the Zone Plain Zone shall apply.

In the event any provision concerning the Flood Plain Zone is declared inapplicable as a result of any legislative or administrative actions of judicial discretion, the basic underlying zone provisions shall remain applicable.

- 4) Inclusion in Zoning Map: The boundaries of the Flood Plain Zone are established as shown on the Flood Hazard Boundary Map, dated September 28, 1979, prepared by the Susquehanna River Basin Commission for the Federal Insurance Administration. The said map is hereby incorporated into and made a part of the Official Zoning Map of Seven Valleys Borough. A copy of said map shall be kept on file at the Borough office and be available for inspection during regular office hours.
- 5) Zone Boundary Changes: The delineation of the Flood Plain Zone may be revised by Borough Council where natural or man-made changes have occurred and/or more detailed studies conducted or undertaken by the U.S. Army Corps of Engineers, or other qualified agency or individual documents the advisability for such change. However, prior to any such change, approval must be obtained from the Federal Insurance Administration (FIA) or its successor agency.
- 6) Interpretation of Zone Boundaries: Initial interpretations of the boundaries of the Flood Plain Zone shall be made by the Zoning Officer. Should a dispute arise concerning the boundaries of the zone, the person questioning or contesting the location of the zone boundary shall be given a reasonable opportunity to present his case to the Borough Zoning Hearing Board and to submit his own technical evidence if he so desires. Should the person choose to seek a variance to the zoning regulations to accommodate his development, he must follow the procedures to present his case to the Zoning Hearing Board. Should the person choose to have the zone boundary changed to reflect more accurate flooding data, he must follow the procedures to present his case to Borough Council for a zoning amendment.
- d) Zone Provisions: All uses, activities, land filling and development occurring within the flood plain zone shall be undertaken only in strict compliance with the provisions of this

ordinance and with all other applicable codes and ordinances such as the Borough Building Permit Ordinance and Flood Plain Management Ordinance.

Under no circumstances shall any use, activity, land filling and/or development adversely affect the capacity of the channels or floodways of any watercourse, drainage ditch, or any other drainage facility or system. Prior to any proposed alteration or relocation of any stream, watercourse, etc. within the municipality, a permit shall be obtained from the Pennsylvania Department of Environmental Protection, Dams and Encroachment Division. Further, notification of the proposal shall be given to all affected adjacent municipalities. Copies of such notifications shall be forwarded to both the Federal Insurance Administration or its successor agency and the Pennsylvania Department of Community and Economic Development.

Special Flood Hazard Zone: In the Special Flood Hazard Area Zone no development, use or activity (including fill, grading and/or substantial improvements to structures, etc.) permitted in the underlying zone shall be permitted unless the applicant of the proposed development, use or activity has demonstrated that the proposed undertaking when combined with all other existing and anticipated development, uses and activities, will not increase the water surface elevation of the one hundred (100) year flood more than one (1) foot at any point. Increases in flood heights shall be calculated by means of current, generally accepted engineering methods.

e) Development Which May Endanger Human Life

1) In accordance with the Pennsylvania Flood Plain Management Act, and the regulations adopted by the Department of Community Affairs as required by the Act, any new or substantially improved structure which will be used for the production or storage of any of the following dangerous materials or substances or which will be used for any activity requiring the maintenance of a supply (more than 550 gallons or other comparable volumes or any amount of radioactive substances) of any of the following dangerous materials or substances on the premises, shall be subject to the provisions of this section, in addition to all other application provisions:

- where pilings are used for elevation, the lots shall be large enough to permit steps; piling foundations shall be placed in stable soil no more than ten (10) feet apart; reinforcement shall be provided for pilings that will extend for six (6) feet or more above the ground level.

2) Within any Special Flood Hazard Area (Zone A), mobile homes shall be prohibited within the area measured fifty (50) feet landward from the top-of-bank of any watercourse.

g) Prohibited Uses and Activities

The following uses and activities are prohibited if located completely or partially within any of the areas identified as being subject to the one hundred (100) year flood

h) Special Exceptions and Variances - Factors to be Considered: In passing upon applications for Special Exceptions and Variances the Zoning Hearing Board shall consider all relevant factors and procedures specified in other sections of the Zoning Ordinance and:

1) The danger of life and property due to increase flood heights or velocities caused by encroachments. No special exception or variance shall be granted for any proposed

use, development, or activity that will cause any increase in flood levels during the one hundred (100) year flood.

- 2) The danger that materials may be swept onto other lands or downstream to the injury of others.
- 3) The proposed water supply and sanitation systems and the ability of these systems to prevent disease, contamination, and unsanitary conditions.
- 4) The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owners.
- 5) The importance or the service provided by the proposed facility to the community.
- 6) The requirements of the facility for a waterfront location.
- 7) The availability of alternative locations not subject to flooding for the proposed use.
- 8) The compatibility of the proposed use with existing development and development anticipated in the foreseeable future.
- 9) The relationship of the proposed use to the comprehensive plan and flood plain management program for the area.
- 10) The safety of access of the property in times of flood of ordinary and emergency vehicles.
- 11) The expected heights, velocity, duration, rate of rise, and sediment transport of the floodwater expected at the site.
- 12) Such other factors which are relevant to the purposes of this ordinance.

The Zoning Hearing Board with approval of Borough Council may refer any application and accompanying documentation pertaining to any request for a special exception or variance to any engineer or other qualified person or agency for technical assistance in evaluating the project in relation to flood heights and velocities, and the adequacy of the plans for protection and other related matters.

When a parking lot is located partly in one district and partly in another district, the regulations for the district requiring the greater number of parking spaces shall apply to all of the lot. Parking spaces on such a lot may be located without regard to district lines, provided that no such parking spaces shall be located in any Residential District, unless the use to which they are accessory is permitted in such district, or upon approval of the Zoning Hearing Board by special exception.

o) Handicapped Parking.

Handicapped accessible parking shall be provided in accordance with the requirements of the Americans with Disabilities Act, as may be amended from time to time.

- 2) When a use is expanded in size or when a use occurs requiring a greater number of off-street parking facilities than the existing use, the owner and/or occupant shall be required to provide only that number of additional off-street parking facilities required by the new use or expanded portion of the existing use; provided, however, no existing off-street parking facilities shall be eliminated unless all applicable off-street parking requirements are met.

Section 414 Demolition

Demolition of any structure must be completed within three (3) months of the issuance of a permit. Completion consists of tearing the structure down to grade, filling any resulting cavity to grade and removing all resulting materials from the lot. A structure may be partly demolished only if a building remains and the demolition of the part is completed as required in the previous sentence. All evidences of the structure that was demolished must be removed from the exterior surfaces of the remaining building.

Section 420 Status of Subdivision or Land Development Plan

From the time an application for approval of a subdivision or land development plan, whether preliminary or final, is duly filed as provided in the Subdivision and Land Development Ordinance, and while such application is pending approval or disapproval, no enactment or amendment of the Zoning Ordinance shall affect the decision on such applications adversely to the applicant and the applicant shall be entitled to a decision in accordance with the provision of the Zoning Ordinance as it stood at the time the application was duly filed. In addition, when a preliminary application has been duly approved, the applicant shall be entitled to final approval in accordance with the terms of the approved preliminary application as hereinafter provided. However, if an application is properly and finally denied, any subsequent application shall be subject to the intervening change in the Zoning Ordinance.

When a preliminary or final subdivision or land development plan has been approved or approved subject to conditions acceptable to the applicant, no subsequent enactment or amendment in the Zoning Ordinance or plan shall be applied to affect adversely the right of the applicant to commence and to complete any aspect of the approved development in accordance with the terms of such approval within five (5) years from such approval.   - iii) A letter must be obtained from the adjoining property owner stating that they have no objection to the expansion.
- 3) Any expansion that will reduce the extent of an existing nonconformity shall not require special exception approval.
- c) Replacement: A nonconformity may be replaced only in conformance with the provisions of this Ordinance.
  - d) Restoration: If any nonconformity is destroyed by reason of windstorm, fire, explosion, or other act of God or a public enemy, to an extent of more than seventy-five percent (75%) of the market value as appraised for tax assessment purposes than such destruction shall be deemed complete destruction and the nonconformity may not be rebuilt, restored or repaired except upon issuance of a variance in accordance with Section 502 of this Ordinance. Nothing in this Ordinance shall prevent the strengthening or restoring to a safe condition any wall, floor or roof which has been declared unsafe.
  - e) Abandonment: A nonconforming use shall be presumed as abandoned when there occurs a cessation of any such use or activity by an apparent act or failure to act on the part of the tenant or owner to reinstate such use within a period of one (1) year from the date of cessation or discontinuance. The terms of office of a three (3) member board shall be three years (3) and shall be so fixed that the term of office of one (1) member shall expire each year. The terms of office of a five (5) member board shall be five (5) years and shall be so fixed that the term of office of one (1) member shall expire each year. If a three (3) member board is changed to a five (5) member board, the members of the existing three (3) member board shall continue in office until their term of office would expire under prior law. The borough Council shall appoint two (2) additional members to the Board with terms scheduled to expire in accordance with the provisions of this subsection. The Board shall promptly notify the Borough Council of any vacancies that occur. Appointments to fill vacancies shall be only for the unexpired portion of the term. Members of the Board shall hold not other office in the Borough.

The Borough Council may appoint by resolution at least one (1) but no more than three (3) residents of the Borough to serve as alternate members of the Board. The term of office of an alternate member shall be three (3) years. When seated pursuant to the provision of Subsection b), an alternate shall be entitled to participate in all proceedings and discussions of the Board to the same and full extent as provided by law for board members, including specifically the right to cast a vote as a voting member during the proceedings, and shall have all the powers and duties set forth in this Section and as otherwise provided by law. Alternates shall hold no other office in the Borough. Any alternate may participate in any proceeding or discussion of the Board but shall not be entitled to vote as a member of the Board nor be compensated pursuant to Section 907 of the Pennsylvania Municipalities Planning Code, Act 247, as reenacted and amended, unless designated as a voting alternate member pursuant to Subsection b).

Removal of Members. Any member of the Zoning Hearing Board may be removed for malfeasance, misfeasance or nonfeasance in office or for other just cause by a majority vote of Borough Council taken after the member has received fifteen days' advance notice of the intent to take such a vote. A hearing shall be held in connection with the vote if the member shall request it in writing.

- b) Organization of Board: The Board shall elect from its own membership its officers, who shall serve annual terms as such and may succeed themselves. For the conduct of any hearing and the taking of any action, a quorum shall be not less than a majority of all the members of the Board, but the Board may appoint a hearing officer from its own membership to conduct any hearing on its behalf and the parties may waive further action by the Board as provided in Section 502.

If, by reason of absence or disqualification of a member, a quorum is not reached, the Chairman of the Board shall designate as many alternate members of the Board to sit on the Board as may be needed to provide a quorum. Any alternate member of the Board shall continue to serve on the Board in all proceedings involving the matter or case for

which the alternate was initially appointed until the Board has made a final determination of the matter or case. Designation of an alternate pursuant to this Subsection shall be made on a case-by-case basis in rotation according to declining seniority among all alternates.

The Board may make, alter and rescind rules and forms for its procedure, consistent with ordinances of the municipality and laws of the Commonwealth. The Board shall keep full public records of its business, which records shall become the property of the Borough and shall submit a report of its activities to the Borough Council as requested by the Borough Council.

- c) Powers: The Zoning Hearing Board shall have exclusive jurisdiction to hear and render final decisions in the following matters:
- 1) Substantive challenges to the validity of any land use ordinance except those brought before the Borough Council pursuant to Sections 609.1 and 916.1 (a) (2) of the Pennsylvania Municipalities Planning Code, Act 247, as reenacted and amended.
  - 2) Challenges to the validity of a land use ordinance raising procedural questions or alleged defects in the process of enactment or adoption which challenges shall be raised by an appeal taken within thirty (30) days after the effective date of said Ordinance. Where the ordinance appealed from is the initial Zoning Ordinance of the Borough and a zoning hearing board has not been previously established, the appeal raising procedural questions shall be taken directly to court.
  - 3) Appeals from the determination of the Zoning Officer, including, but not limited to, the granting or denial of any permit, or failure to act on the application therefor, the issuance of any cease and desist order or the registration or refusal to register any nonconforming use, structure or lot.
  - 4) Appeals from a determination by the Borough Engineer or the Zoning Officer with reference to the administration of any flood plain or flood hazard ordinance or such provisions within a land use ordinance.
  - 5) Applications for variances from the terms of the Zoning Ordinance and flood hazard ordinance or such provisions with a land use ordinance, pursuant to Section 503.
  - 6) Applications for special exceptions under the Zoning Ordinance or flood plain or flood hazard ordinance or such provision within a land use ordinance, pursuant to Section 504.
  - 7) Appeals from the determination of any officer or agency charged with the administration of any transfers of development rights or performance density provision of the Zoning Ordinance.
  - 8) Appeals from the Zoning Officer's determination under Section 916.2, Procedure to Obtain Preliminary Opinion, of the Pennsylvania Municipalities Planning Code, Act 247, as reenacted and amended.
  - 9) Appeals from the determination of the Zoning Officer or Borough Engineer in the administration of any land use ordinance or provision thereof with reference to

sedimentation and erosion control and storm water management insofar as the same related to development not involving Subdivision and Land Development or Planned Residential Development applications.

- d) Board Calendar: Each application or appeal filed in the proper form with the required data must be numbered serially and be placed upon the calendar of the Board by the Secretary. Applications and appeals must be assigned for hearing in the order in which they appear on the calendar. However, for good reasons, the Board may order the advance of the application or appeal. A hearing must be held within sixty (60) days from the date of the applicant's request, unless the applicant has agreed, in writing, to an extension of time.

#### Section 502 Public Hearings

- a) Notice; Conduct of Meeting: Public notes shall be given and written notice shall be given to the applicant, the Zoning Officer, to each property owner within two hundred (200) feet of the property involved and to any person who, at least two (2) weeks prior to the scheduled public hearing, has made request for the same. Written notices shall be given at such time and in such manner as shall be prescribed by ordinance, or in the absence of ordinance provisions, by rules of the Board. In addition to the written notice provided herein, written notice of the hearing shall be conspicuously posted on the affected tract of land at least one (1) week prior to the hearing.

The Borough Council may prescribe reasonable fees with respect to hearings before the Zoning Hearing Board. Fees for said hearings may include compensation of the secretary and members of the Zoning Hearing Board, notice and advertising costs and necessary administrative overhead connected with the hearing. The costs however shall not include legal expenses of the Zoning Hearing Board, expenses for engineering, architectural or other technical consultants or expert witness costs.

The hearing shall be held within sixty (60) days from the date of the applicant's request, unless the applicant has agreed in writing to an extension of time.

The hearings shall be conducted by the Board or the Board may appoint any member as a hearing officer. The decision, or, where no decision is called for, the findings shall be made by the Board; however, the appellant or the applicant, as the case may be, in addition to the Borough may, prior to the decision of the hearing, waive decision or findings by the Board and accept the decision of the hearing officer as final.

Formal rules of evidence shall not apply, but irrelevant, immaterial or unduly repetitious evidence may be excluded.

The Board or the hearing officer shall not communicate, directly or indirectly, with any party or his representatives in connection with any issue involved except upon notice and opportunity for all parties to participate; shall not take notice of any communication, reports, staff memoranda, or other materials except advice from their solicitor, unless the parties are afforded an opportunity to contest the materials so noticed and shall not inspect the site or its surroundings with and party or his representative unless all parties are given an opportunity to be present.

- b) Representation: Statements: Parties to the hearings shall be the Borough, any person affected by the application who has made timely appearance of record before the Board, and any other person including civic or community organizations permitted to appear by the board. The Board shall have the power to require that all persons who wish to be considered parties enter appearances in writing on forms provided by the Board for that purpose.

The parties shall have the right to be represented by counsel and shall be afforded the opportunity to respond and present evidence and argument and cross-examine adverse witnesses on all relevant issues.

Statements are to be made in the following order or as the Chairman may direct:

- 1) Applicant or appellant.
- 2) Zoning Officer and other officials.
- 3) Any private citizen.

The applicant or appellant must be given an opportunity for rebuttal.

- c) Witnesses: The Chairman or acting chairman of the Board or the hearing officer presiding shall have power to administer oaths and issue subpoenas to compel the attendance of witnesses and the production of relevant documents and papers, including witnesses and documents requested by the parties.
- d) Decision Procedure: The Board or the hearing officer, as the case may be, shall render a written decision or, when no decision is called for, make written findings on the application within forty-five (45) days after the last hearing before the Board or hearing officer. Where the application is contested or denied, each decision shall be accompanied by findings of fact and conclusions based thereon together with the reasons therefor. Conclusions based on any provisions of the Pennsylvania Municipalities Planning Code or of any ordinance, rule or regulation shall contain a reference to the provision relied on and the reasons why the conclusion is deemed appropriate in the light of the facts found. If the hearing is conducted by a hearing officer, and there has been no stipulation that his decision of findings is final, the Board shall make his report and recommendations available to the parties within forty-five (45) days and the parties shall be entitled to make written representations thereon to the Board prior to final decision or entry of findings, and the Board's decision shall be entered *no later than thirty (30) days after the report of the hearing officer*. Where the Board fails to render the decision within the period required by this Subsection, or fails to hold the required hearing within sixty (60) days from the date of the applicant's request for a hearing, the decision shall be deemed to have been rendered in favor of the applicant unless the applicant has agreed in writing or on the record to an extension of time. When a decision has been rendered in favor of the applicant because of the failure of the Board to meet or render a decision as herein-above provided, the Board shall give public notice of said decision within ten (10) days from the last day it could have met to render a decision in the same manner as provided in Subsection (a) of this Section. Nothing in this Subsection shall prejudice the right of any party opposing the application to appeal the decision to a court of competent jurisdiction.

A copy of the final decision or, where no decision is called for, of the findings, shall be delivered to the applicant personally or mailed to him not later than the day following its date. To all other persons who have filed their name and address with the Board not later than the last day of the hearing, the Board shall provide by mail or otherwise, brief notice of the decision or findings and a statement of the place at which the full decision or findings may be examined.

Whenever the Board imposes a condition or conditions with respect to the granting of an application or appeal, this condition must be stated in the order of the Board and in the permit issued pursuant to the order by the Zoning Officer.

This permit remains valid only as long as the conditions or conditions upon which it was granted or the conditions imposed by this Ordinance are adhered to.

- e) Records: The Board of the hearing officer, as the case may be, shall keep a stenographic record of the proceedings. The appearance fee for a stenographer shall be shared equally by the applicant and the Board. The cost of the original transcript shall be paid by the Board if the transcript is ordered by the Board or hearing officer or shall be paid by the person appealing from the decision of the Board if such appeal is made, and in either event the cost of additional copies shall be paid by the person requesting such copy or copies. In other cases the party requesting the original transcript shall bear the cost thereof.

#### Section 503 Variances

- a) Filing of Variance: An application may be made to the Zoning Hearing Board for a variance where it is alleged that the provisions of the Zoning Ordinance inflict unnecessary hardship upon the applicant. The application must be on a form provided for that purpose by the Zoning Officer. It must be filed with the Board and copies given to the Zoning Officer and Borough Planning Commission. The applicant must provide all the information requested on the form, together with any other information and data that may be required to advise the Board of the variance, whether such information is called for by the official form or not.

Unless otherwise specified or extended by the Board, a variance authorized by it expires if the applicant fails to obtain a building permit or use certificate within six (6) months from the date of the authorization of the variance.

- b) Referral to Planning Commission: All applications for a variance shall be referred to the Planning Commission for a recommendation.
- c) Standards for Variance: Where there is unnecessary hardship, the Board may grant a variance in the application of the provisions of this Ordinance provided that the following findings are made where relevant in a given case:
  - 1) There are unique physical circumstances or conditions, including (a) irregularity, narrowness, or shallowness of lot size or shape, or (b) exceptional topographical or other physical conditions peculiar to the particular property, and that the unnecessary hardship is due to such conditions and not the circumstances or conditions generally created by the provisions of the Zoning Ordinance in the neighborhood or zone in which the property is located.

- 2) Because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Ordinance and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.
  - 3) The unnecessary hardship has not been created by the appellant.
  - 4) The variance, if authorized, will not alter the essential character of the neighborhood or zone in which the property is located, nor substantially or permanently impair the appropriate use or development of adjacent property, nor be detrimental to the public welfare.
  - 5) The variance, if authorized, will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation in issue.
- d) Conditions: In granting any variance, the Board may attach such reasonable conditions and safeguards as it may deem necessary to implement the purposes of this Zoning Ordinance.

#### Section 504 Special Exceptions

- a) Filing of Special Exceptions: For any use permitted by special exception, a special exception must be obtained from the Zoning Hearing Board. In addition to the information required on the building permit application, the special exception application must show --
- 1) Ground floor plans and elevations of proposed structures.
  - 2) Names and addresses of adjoining owners.
- Unless otherwise specified or extended by the Zoning Hearing Board a special exemption authorized by the Board expires if the applicant fails to obtain, where required to do so, a building permit or use certificate within six (6) months of the date of the authorization of the special exception.
- b) Temporary Special Exceptions: A temporary special exception must be obtained from the Zoning Hearing Board for any nonconformity which is or will be seasonal or is or will be in the public interest. The Zoning Hearing Board may grant a temporary special exception for a nonconforming use or structure, existing or new, which:
- 1) Is beneficial to the public health or general welfare, or
  - 2) Is necessary to promote the proper development of the community, or
  - 3) Is seasonal in nature.

The temporary special exception may be issued for a period not exceeding one (1) year, and may be renewed for an aggregate period not exceeding three (3) years. The nonconforming structure or use must be completely removed upon the expiration of the special exception without cost to the Borough.

- c) Referral to Planning Commission: All applications for a special exception shall be referred to the Borough Planning Commission for a recommendation.
- d) Conditions: The Zoning Hearing Board in passing upon special exception applications, may attach conditions considered necessary to protect the public welfare and the Comprehensive Plan, including conditions which are more restrictive than those established for other uses in the same zone.
- e) Application of Extent-of-Use Regulations: The extent-of-use regulations as set forth in this Ordinance must be followed by the Zoning Hearing Board. Where no extent-of-use regulations are set forth for the particular use, the Board must impose extent-of-use requirements as necessary to protect the public welfare and the Comprehensive Plan.
- f) General Standards: A special exception may be granted when the Zoning Hearing Board finds from a preponderance of the evidence produced at the hearing that:
  - 1) The proposed use, including its nature, intensity and location, is in harmony with the orderly and appropriate development of the zone; and
  - 2) That adequate water supply, sewage disposal, storm drainage and fire and police protection are or can be provided for the use; and
  - 3) That the use of adjacent land and buildings will not be discouraged and the value of adjacent land and buildings will not be impaired by the location, nature and height of buildings, walls and fences; and
  - 4) That the use will have proper location with respect to existing or future streets giving access to it, and will not create traffic congestion or cause industrial or commercial traffic to use residential streets; and
  - 5) That the specific standards set forth for each particular use for which a special exception may be granted have been met.

The applicant for a special exception shall have the burden of proof, which shall include the burden of going forward with the evidence and the burden of persuasion on all questions of fact, which are to be determined by the Zoning Hearing Board.
- g) Special Standards: In addition to the general standards for all special exceptions as contained in Section 504.f the specific standards for particular uses as listed in ARTICLE VI must be met prior to the granting of a special exception.

Section 505 Expenditures For Services

Within the limits of funds appropriated by Borough Council, the Zoning Hearing Board may employ or contract for secretaries, clerks, legal counsel, consultants and other technical and clerical services. Members of the Zoning Hearing Board may receive compensation for the performance of their duties, as may be fixed by Borough Council, but in no case shall it exceed the rate of compensation authorized to be paid to the members of Borough Council. Alternate members of the Board may receive compensation, as may be fixed by Borough Council, for the performance of their duties when designated as alternate members pursuant to Section 501, but in no case shall such compensation exceed the rate of compensation authorized to be paid to the members of Borough Council.
