SNOW REMOVAL

Seven Valleys Borough Code mandates that **Snow removed from your property shall not be thrown into the street.** Please be considerate of motorists who may face icy roads. The addition of snow thrown into the streets is dangerous and illegal.

The Snow Removal Ordinance also requires that all property owners and tenants remove snow and ice from their sidewalks and walkways within 24 hours from when the snow stops falling. Enough snow and ice shall be removed to allow a clear path for pedestrian traffic. Just one property owner leaving snow on the sidewalks makes it dangerous for others.

When it is apparent that there will be an accumulation of snow, residents are asked to park off street so that the snow removal contractor can do an efficient job of clearing the streets. Your cooperation is appreciated.

The Borough is authorized to have snow and ice removed from sidewalks in the Borough where the snow and ice has not been cleared by the owners/occupants to a width of at least 2 feet within 24 hours from when the snow stops falling or ice stops accumulating. The Borough will have the violation corrected by having the snow and ice removed. The Borough will further collect the cost of remedying and correcting the violation from the responsible person together with a \$35.00 administration fee. An invoice will be sent to the owners/occupants. If the invoice is not paid within a specified time of 10 days, the invoice will be collected by municipal lien with a \$350.00 lien filing fee included.

FAQ

1. Are unregistered vehicles allowed in the Borough?

Any vehicle that is not currently registered or inspected must be removed from the Borough or stored inside after 15 days.

2. Must I replace broken or missing clean out caps? Would I be responsible for repairs to the sewer main due to damage from my open pipe?

Yes, missing or broken clean out caps can result in an open pipe on your property that would allow storm water as well as the possibility of debris and other items entering the sewer line that may cause damage, blockages and back ups.
